# YEAR IN RETROSPECT (FY 2019-20)

The financial year under review was a difficult period for trusteeship service industry. The year began with a crisis in the NBFC/HFC sector which was followed by the slowdown in manufacturing sector, decline in private capital expenditures- all having a negative impact on GDP numbers. Subsequently in the Q4 of FY20, there were disruptions in the economic activities due to the COVID-19. It rapidly developed into a global crisis forcing governments to enforce lock-down resulting in massive scaling down of economic activity. With further contraction in manufacturing sector in Q4, the GDP growth rate which was at 6.1 % in the beginning of the year was set to come down to a level of 4.6 % as on 31/03/2020.

The continued downward trajectory of GDP growth rate in FY 19-20 resulted in lower flow of credits to the various economic sectors, thereby adversely impacting credit cycle which in turn was reflected in trusteeship business activities of your Company in terms of revenue.

Your Company focused on those business opportunities which were not influenced by the credit cycles like debt fund raising by corporates and other product lines. Challenges thrown by lockdown due to COVID 19 were met by adopting the work from home policy with attention on well-being of all employees and ensuring minimization in disruption of services to all customers.

# OUTLOOK FOR THE CURRENT (FY 2020-21)

The continuation of the nation-wide lockdown in to the current FY 20- 21 has crippled most economic and commercial activities with major international rating agencies downgrading India's GDP growth forecast for FY 2020-21.

With the lockdown getting extended in some parts of India or being reintroduced, the disruptions to manufacturing and

services sectors are set to intensify further. The combined impact of demand compression i.e. lower consumption, investments and exports coupled with supply disruption will depress economic activity in the current fiscal. The resultant pressures on the operating performance and financial profiles of business enterprises will lead to poor credit environment and a lower GDP rate.

Your Company's business is heavily dependent on lending/debt fund raising activities in the economy. The performance will reflect the resilience with which the corporates resume their economic activities, pick up in investments - government and private, and the impact of policy measures on the various productive sectors of the economy. Your Company is alive to the evolving situation and has initiated strategies – short and long term – with a focus on new product lines along with a tight control on operational cost in order to face the difficulties.

#### DIVIDEND

Your Directors recommend for approval of the Members at the ensuing Annual General Meeting, final dividend of Rs. 25/per equity share (i.e. 250%) of face value of Rs.10/- each, for the financial year ended March 31, 2020 aggregating approximately Rs.15 Crore.

# **Defined Contribution Plans**

The company has recognized **Rs. 21,69,313/-** for the year ended 31st March 2020 (Previous year **Rs. 14,93,397/-**) for the Provident Fund Contributions in the Profit and Loss Account.

# (i) Gratuity (Partly Funded)

The Trust has taken Group Gratuity Policy from LIC and the annual contributions determined by LIC on actuarial basis are paid and charged to Statement of Profit & Loss. The accumulations with LIC at year end represent Plan Assets and Funded Part of Gratuity Obligations of the company.

On account of LIC assuming lower rates of salary escalations (4%) and withdrawal (1 to 3%) in actuarial computations, the company has obtained, from Independent Government Approved Actuary Valuer, a certificate for valuation of present value of future obligation of past and current service on more realistic assumptions. The difference between fund accumulation in LIC Scheme and amount determined as year end obligations by Independent Valuer (representing Non-Funded Part of Gratuity Obligation) is recognised and presented as liability in accounts by appropriate charge to Statement of Profit & Loss.
