If a PONV Trigger Event occurs, the Issuer shall: (i) notify the Trustee; (ii) cancel any coupon which is accrued and unpaid on the Bonds as on the write-off date; and (iii) without the need for the consent of Bondholders or the Trustee, write down the outstanding principal and any interest which is accrued and unpaid in relation to the Bonds by such amount as may be prescribed by RBI (“PONV Write Off Amount”) and subject as is otherwise required by the RBI at the relevant time. The Issuer will affect a write-off within thirty days of the PONV Write-off Amount being determined and agreed with the RBI. Once the principal of the Bonds have been written off pursuant to PONV Trigger Event, the PONV Write-Off Amount will not be restored in any circumstances, including where the PONV Trigger Event has ceased to continue. If the Issuer is amalgamated with any other bank pursuant to Section 44 A of the Banking Regulation Act, 1949 (the BR Act) before the Bonds have been written down, the Bonds will become part of the corresponding categories of regulatory capital of the new bank emerging after the merger.

If the RBI or other relevant authority decides to reconstitute the Issuer or amalgamate the Issuer with any other bank, pursuant to Section 45 of the BR Act, the Issuer will be deemed as non-viable or approaching non-viability and the PONV Trigger Event will be activated. Accordingly, the Bonds will be permanently written-down in full prior to any reconstitution or amalgamation. <i>The write down of the Bonds vis-à-vis other capital instruments which the Issuer has already issued or may issued in future will be based on the advice of the Issuer's legal counsels.</i> <i>A write-off due to a PONV Trigger Event shall occur prior to any public sector injection of capital so that the capital provided by the public sector is not diluted.</i> <i>The Basel III Guidelines state that, for this purpose, a non-viable bank will be a bank which, owing to its financial and other difficulties, may no longer remain a going concern on its own in the opinion of the RBI unless appropriate measures are taken to revive its operations and thus, enable it to continue as a going concern. The difficulties faced by a bank should be such that these are likely to result in financial losses and raising the Common Equity Tier 1 Capital of the bank should be considered as the most appropriate way to prevent the bank from turning non-viable. Such measures would include a permanent write-off in combination with or without other measures as considered appropriate by the RBI.</i> <i>A bank facing financial difficulties and approaching a point of non-viability shall be deemed to achieve viability if within a reasonable time in the opinion of the RBI, it will be able to come out of the present difficulties if appropriate</i>
