IDBI Bank launches Web and Mobile Based digitized interface for Savings Account Opening

Mumbai, April 15, 2019: IDBI Bank has launched a new mobile and web based Savings Bank Account Opening interface. This will help the customers to open and activate their account by using Aadhaar E-KYC / QR Code mechanism (if they so desire) through a user friendly interface.

The advantage of the interface is that it eliminates paper work, activates the account in few minutes and provides a better on-boarding experience to the customer. The turn-around time for activating the account will be reduced drastically. The customer will also receive the Cheque Book and Debit Card across the counter.

All representatives of Print, Wire and Electronic Media.

आईडीबीआई बँक लिमिटेड • पंजीकृत कार्यालय. आईडीबीआई टॉवर, डब्ल्यूटीसी कॉम्प्लेक्स, कफ पारेड, मुंबई 400 005.
